## Autonomy: The Basic Kantian Normative Status

Robust General Recognition  
is Attributing the Authority  
to Attribute Authority  
(and Responsibility)

Elements of the model are in bold.

Modeled Hegelian phrases are in quotes.

Stages of Idealism:

1. Bimodal hylomorphic conceptual realism.
2. Objective Idealism as Reciprocal Sense-Dependence Claim
3. Conceptual Idealism: Priority of Experiential Process over Intentional Relations
